#### LETTER OF APPRECIATION FOR THE COMMENDABLE WORK

M/s.Suvidha Engineers, very much known for green & clean room air-conditioning, headed and steered by Mr.U.D.Dhamotharan & Mr.S.A.Abbas have done a commendable job in replacing the existing 2 nos. Blue Star make chillers (2x75 TR) along with their 3 nos. chiller pumps [3X7.5 hp] with the higher capacity Daikin Italy make chillers [2x110 Tons] along with their chilled water pumps of 3X 15hp, within a remarkably short duration of just 1 ½ days. Mr.Kannan and his team had done a wonderful job in the loading & unloading of chillers. Their meticulous planning and dedicated team work is worth emulation and fit for praising.

Mr.Mohan, Mr.Hameed, Mr.Krishna & Mr.Rajesh and their team members are the Prashanth Hospital's stalwarts, who have shouldered and teamed with M/s.Suvidha for the above works.

We, the Chairman Dr.C.Geetha Haripriya and Managing Director Dr.G.Gopaldaswamy and the entire members of the Prashanth Hospital's family are pleased to place on record their appreciation and commendation for the good work done by M/s.Suvidha Engineers along with their aforesaid dedicated team.

We wish them good luck and steadfastness in all their future career & endeavours .

*Dr. C. Geetha Haripriya*
